Chairperson

Dr B Kesavamoorthy

Moderators

Day 1

Dr. Selvamani

Dr Deepak Davidson

Day 2

Dr R Sivakumar

Dr S Aravindakumar

Dr K Dhamodaran

Speakers & Panelist

Dr KU Natarajan

Dr T Balasubramanian

Dr E Arunachalam

Dr S Kumaran

Dr A Kader Sahib

Dr S Nagendra Boopathy

Dr R Ravindran

Dr R Srinivasan

Dr M Mohan

Dr Kiron Sukulal

Live Case Operators

Day 1

Dr Praveen Chandra
Chairman- Interventional & Structural Heart Cardiology
Medanta - The Medicity
Gurugram, Haryana

Dr A Sathishkumar
Interventional Cardiologist,
HOD Cardiology Department
SRM, Medical College,
Trichy

Day 2

Dr B Kesavamoorthy
Sr Interventional Cardiologist
HOD Cardiology Dept
Meenakshi Speciality Hospital
Thanjavur

Dr N Ganesh
Interventional Cardiologist
HOD Cardiology Dept
Dhanalakshmi Srinivasan
Medical College and Hospital
Perambalur

ICC-2021

COMPLEX CONCLAVE

(360° Knowledge on Imaging and Physiology in ISR, CCL, CBL)

23rd December 2021
01.00 PM - 4.05 PM IST

Time	Topic	Speaker
ICC-2021 COMPLEX CONCLAVE-2021 360 Degree Knowledge on Imaging and Physiology in ISR, CCL, CBL		
Chairperson-Dr B Kesavamoorthy / Moderators: Dr S Selvamani, Dr Deepak Davidson Panelist: Dr A Kader Sahib, Dr R Srinivasan, Dr S Kumaran, Dr Balasubramanian, Dr Kiron Sukulal		
1.00 To 1.05PM	Introduction and Welcome Address	Dr B Kesavamoorthy
Conquering ISR		
1.05 To 1.15PM	DEB/DES in ISR interesting case	Dr R Ravindran
1.15 To 1.25PM	OCT in ISR	Dr M Mohan
Live Case		
1.25 To 1.45PM	Case History and Strategic planning-Live case-ISR	Medanta - The Medicity-Gurugram Case Operator- Dr Praveen Chandra
Key Note Lecture		
1.45PM To 2.00PM	ISR Classification and Management	Dr Deepak Davidson
2.00PM To 2.15PM	ISR- How stent design impact clinical outcomes	Dr Selvamani
Live Case		
2.15PM to 2.40 PM	Strategy Implementation, Optimization and Outcomes- Live Case-ISR	Medanta - The Medicity-Gurugram Case Operator- Dr Praveen Chandra
Physiology Conquering MVD		
2.40 To 2.50PM	Target vessel vs Complete Revascularisation	Dr E Arunachalam
2.50 To 3.00PM	Resting Indices an overview-Positive and Negative Discordance	Dr Pavithra
Live Case		
3.00 To 3.20PM	Case History and Strategic planning-Live case-FFR- Trichy Medical College	SRM Medical College-Trichy Case Operators- Dr A Sathishkumar and Team
Key Note Lecture		
3.20 to 3.35PM	Physiology assessment an Over view and Current Updates	Dr KU Natarajan
3.35 To 4.00PM	Strategy Implementation, Optimization and Outcomes- Live Case-FFR - Trichy Medical College GH	SRM Medical College-Trichy Case Operator- Dr A Sathishkumar and Team
4.00 TO 4.05PM	Closing Remarks	Dr B Kesavamoorthy

TRICHY SRM MEDICAL COLLEGE HOSPITAL AND RESEARCH CENTER

IRUNGALUR,TRICHY-621 105

DEPARTMENT OF CARDIOLOGY

We our Cardiology team from department of Cardiology in TRICHY SRM MEDICAL COLLEGE HOSPITAL & RESEARCH CENTER has been participated in COMPLEX CONCLAVE live online programme for FFR GUIDED PCI on 23.12.21. FFR is assist functional of significance of borderline coronary lesion (50-70%), either to opt for OMT (or) PCI.If FFR value <0.80 , PCI is advised. $FFR \geq 0.80$ OMT is advised.Our patient had significant LAD stenosis after FFR study and did successful PCI to LAD & LCX. Perioperative period is uneventful .The programme went well. It was useful for our doctors, staffs, students for learning purpose. I would like to thank our Chairman & Dean for success of this grand CME.
